

O Jesus Christ, Our Lord and Savior,

In Your heavenly city, New Jerusalem, is a wonderful tree of life and a beautiful flowing river. We ask You to satisfy our hunger for Your good and our thirst for Your truth. Help us to follow You, so that we may some day enter into that city, to drink from the water of life and to eat the delicious fruit from the tree of life. We also pray that You will send the leaves of the tree, which are for the healing of the nations, to all people who are in need of Your care. Amen.
