

Symbols of Good and Truth

Here are color pictures showing 4 symbols of good and 4 symbols of truth. There are also 4 “good” cards and 4 “truth cards. Cut these apart in preparation for the activities below.

Sorting Symbols of Good and Truth

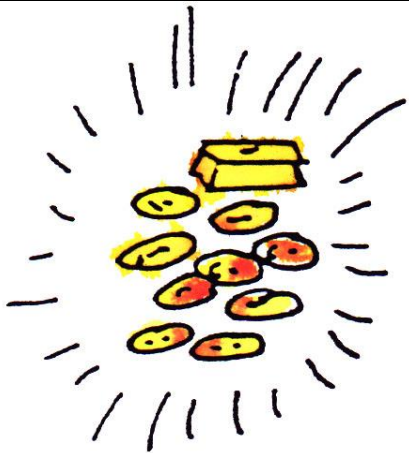

Use just the color pictures for this activity. Try to learn which pictures are symbols for good and which symbolize truth by separating them into 2 piles.

Concentration Game

Use all of the cards to play a game of concentration with 2 or more players. The goal is to turn up a card with “good” on it along with a card picturing a symbol of good *or* a card with “truth” written on it and a card picturing a symbol of truth. (You can have players keep the matching pairs they turn up and then see who has the most pairs at the end. Or, de-emphasize the competitive aspect of the game by moving the pairs to the side as they are matched.)

Answer Key
