

THANKSGIVING DISPLAY

Thank You Lord

Make a display that shows what you would like to thank the Lord for giving you. This may be a three-dimensional display on a table or shelf or be arranged as a mural on a wall. This is a great family activity but could also be adapted for use in Sunday School classes, *etc.*

To thank the Lord for family, a child could draw a picture of the family or use a photograph. To thank the Lord for the precious truths of His Word, you could add the Word to your display or share a favorite quote.

Be sure to consider spiritual blessings as well as natural ones in making your display. For spiritual blessings that may be difficult to picture, try using something you associate with that quality. For example, you could use a picture of the sun to symbolize the Lord's love. A toy lamb or picture of a lamb could suggest the innocence of children.
