

Five Smooth Stones

The Lord's Word contains truths for us to use in our fight against evil, just as David used five smooth stones in his fight against Goliath. Look at the picture below and read the true ideas written on each stone.

Get a smooth round stone. You might find one in a stream, by the ocean or on a lake shore. You can also find smooth stones in craft stores or online.

Choose a truth from the Lord's Word and write it on the stone using a fine tip permanent marker. Be careful not to touch the writing until it is dry so it does not smear. Keep the stone in a special place to remind you of David's fight against Goliath and the power of the Lord's truth.
