

CIRCLE OF LOVE

Materials:

Colored pencils, crayons, or markers
Scissors
Glue

Procedure:

1. Make a picture of yourself in the center of the circle. If you prefer, you can glue a photograph of yourself in the center instead.
2. Now think of all the people who love you, and write each name on one of the little circles (or substitute little hearts). These people can include parents, siblings, grandparents, aunts and uncles, family friends, *etc.* You can decorate the circles if you wish.
3. Cut out the circles and glue them on the outer edge of the circle of love. (It is fine to have them extending past the sides of your paper.)
4. Now make a picture of the Lord (or write the name "LORD") at the top of the page. The Lord loves you and gave you all these people to love you and care about you!
