

Enlighten My Darkness

A Christmas Project

The Lord my God will enlighten my darkness (Psalm 18:28).

Materials:

dark piece of construction paper (black, dark gray, or navy)
yellow (or white) piece of construction paper
scissors
oil Pastels or colored chalk

Procedure:

1. Place the dark piece of construction paper on top of the yellow piece of paper.
2. Cut a large flap that can open to show the light waiting to come through. You could give the flap jagged edges to suggest rays of light.
3. You will want to picture something beneath the flap. One option is to show the open Word. Or you could show a host of angels on the yellow paper behind the flap and use chalk or oil pastels to draw the shepherds on the dark paper, below the flap.
4. Glue or tape the dark paper over the yellow paper. If desired, add the text from above or at least the words “enlighten my darkness.” Display the finished project.
