

FOR REFLECTION

Becoming a Good and Faithful Servant of the Lord

“Well *done*, good and faithful servant; you were faithful over a few things, I will make you ruler over many things. Enter into the joy of your lord” (Matthew 25:21).

There are several ways that we can work on becoming a good and faithful servant of the Lord. Choose one of these ways to help you think about this.

1. Read a portion of the Lord’s Word, thinking about its application to your life.
2. Think about someone you know who needs support. What could you do to help?
3. *How* we perform our uses is important. How can we do our work honestly, rightly, justly and faithfully?
4. What are some personal characteristics and habits that limit your ability to serve the neighbor? How could you work on these areas?
