

Friendship Necklace

Materials

construction paper
yarn
wax crayons, colored pencils, or felt tip markers
hole puncher

Procedure

1. Prepare lots of paper hearts for each child, using the heart template below or making your own. Use a hole puncher to make two holes at the top of each heart for stringing the yarn.
2. Give the child a pile of hearts with these words written on them:

"I love _____."

3. With help from an adult, the child can designate a heart for each friend, family member, pet, *etc.* by writing in the name or making a picture of each one.
4. Then string the hearts together to make a necklace.

Heart Template:
