

Behold the Great Red Dragon

Hand Gestures

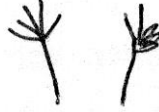

CHORUS

Behold the Great Red Dragon

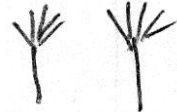

Hold hands up in amazement

Seven Heads and Seven Crowns

Hold up 7 fingers

Ten Horns

Hold up 10 fingers

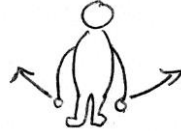

VERSE 1

I saw appear before me
a woman clothed with the sun,

Hands gesturing the rays of the sun around the body.

The moon beneath her
feet,

Gesture in a semi-circle to show
moon shape beneath feet

A crown of ten
stars on her head

Wiggle fingers around
head to be glittery stars

VERSE 2

The woman was with child

Move hands to shape round belly

And she cried in pangs of
birth

Cross arms over chest

She brought forth a son to rule
all nations.

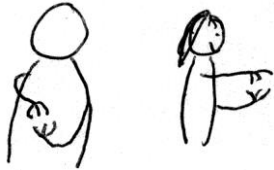

Cradle arms as if holding a baby

Behold the Great Red Dragon (continued)

Hand Gestures

VERSE 3

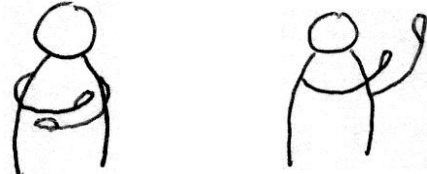

The dragon stood before her that he might devour her child

Front view — Side view

Open and close arms like a jaw, with fingers like teeth

But the child was caught up to God and to His throne

Cradle the baby

Lift arms up to heaven

VERSE 4

Lo, Michael and his angels

Hold one arm up with strength as if it held a sword.

Threw down the dragon from the kingdom of God!

Hold arms up close to body

Fling arms downward strongly

Suggestion: Repeat verse 4 for emphasis.
