

A VISIT
to the people of
the ANCIENT CHURCH
A Memorable Relation
Conjugial Love 76

The Lord sent a messenger angel to guide Swedenborg to visit with the people of the ANCIENT CHURCH. They traveled to a valley in which many statues of different kinds were seen, and then to a plain where there were beautiful chariots in the form of birds and animals, drawn by handsome horses. They then followed a crowd of spirits to a great city of beautiful palaces and temples. Here they visited the home of a married couple where they saw beautiful decorations and a lovely rainbow. As they left, they presented him with a bunch of grapes with shining silver leaves.
