

LOOK UP TO HEAVEN

Love truly conjugal is represented in heaven by various things such as adamantine auras (sparkling as if from rubies and carbuncles), beautiful rainbows and golden rains, which, when they are beheld, fill the bystanders with delight.

(see *De Conjugio* 1)

Make a picture showing one of the beautiful skies in heaven that remind people of conjugal love.

Project A: Beautiful Rainbows

Suggested Materials:

watercolor paints
watercolor paper (or other absorbent, heavy paper)
oil pastels

Procedure

1. Make a beautiful rainbow with brilliant colors.
2. If using watercolors and heavy paper, you may wish to gently brush the paper with water before adding paint.
3. Using oil pastels will give your rainbow rich colors.
4. Glue one of the text slips (see below) to the picture (or onto to the back of the picture).

Project B: Adamantine Auras

This kind of sky sparkles as if from rubies and carbuncles.

Suggested Materials

cover stock or other absorbent, heavy paper
optional: blue watercolor paint (or thinned poster paint)
red glitter or sequins
pearlescent glitter (white glitter that seems to reflect lots of different colors)
glue (preferably liquid glue that can be diluted with water)

Procedure

1. Paint the sky blue with a wash of blue watercolor paint, water, and liquid glue.
2. Sprinkle red glitter over the finished sky.
3. Glue one of the text slips (see below) to the picture (or onto to the back of the picture).

Project C: Golden Rains

Use gold glitter to make golden rain coming from the sky.

Suggested Materials

watercolors
watercolor paper (or other absorbent, heavy paper)
gold glitter
glue

Procedure

1. Use watercolors to paint a picture of heaven (eg. Gardens with beautiful flowers).
2. Put a little liquid glue in the watercolor wash (water + paint + glue) for the sky.
3. Lightly sprinkle gold glitter onto the sky.
4. Glue one of the text slips (see below) to the picture (or onto to the back of the picture).

TEXT SLIPS (glue on the front or back of the picture to show what it is depicting)
