

The Lord's Triumphant Ride into Jerusalem

A Project for Little Ones

1. Have your child color this picture.
2. Cut loosely around the picture and then glue it near the top of a piece of heavy paper or cardboard (the larger the better).
3. Give your child some little scraps of cloth to represent the garments people put on the road.
4. Take a "nature walk" with your child and find small leaves or bits of grass to represent the palm branches people waved and spread on the road before the Lord.
5. Now have your child arrange the scraps of cloth and the leaves and grass on the heavy paper or cardboard in front of the picture of the Lord as if He is about to ride over them. Glue these down.
6. Enjoy this depiction of the Lord's Triumphant Ride into Jerusalem!
