

Make a Picture of Your Family

Make a picture of your family above the quotation about heavenly marriage love.

Suggested Materials

printed page with quotation (see next page)
crayons, colored pencils, or markers
optional: larger sheet of paper, glue

Procedure

1. Decide who you are going to include in the picture of your family. In addition to parents and children, do you want to include grandparents or family pets?
2. Feel free to use a larger piece of paper if you will need more room to draw your family. You can later cut out the quotation and glue it to the bottom of the page.

My Family

Heavenly conjugal love consists in one living, content in the Lord,
together with one's partner whom one loves very tenderly, and with one's children.
In the world this brings a person a deeper pleasure, and in the next life heavenly joy.

(Arcana Coelestia 5051:2)
