

Marriage to Eternity

Memory Verses from the Lord's Word

For people who desire truly conjugal love, the Lord provides similar partners, and if they are not found on earth, He provides them in heaven.
(Conjugal Love 229)

Love with its inmost friendship constantly increases in the wife, and wisdom with its happiness in the husband, and this to eternity.
(Conjugal Love 355:6)

Heavenly conjugal love consists in living, content in the Lord, together with a marriage partner whom one loves very tenderly, and with one's children. In the world this brings a person a deep pleasure, and in the next life heavenly joy.
