

## Mirror Writing

*True Christian Religion* 508 tells us that truths of the Word are “so many mirrors of the Lord.” Here is some “mirror writing” for you to print out, cut into strips, and then hold up to a mirror so that you can read it.

Enter into the mysteries of the Word, for its truths are so many mirrors of the Lord.  
(*True Christian Religion* 508)

Ride upon the Word of truth...Your throne, O God, is forever and ever.  
(*Psalms* 45: 4, 6)

The Lord's second coming is not in person but in the Word, which is from Him.  
(*True Christian Religion* 776)

### Try Mirror Writing

You may also want to try doing mirror writing (writing backwards) yourself.

First visualize how each letter is formed, perhaps tracing its shape in the air with your finger or a pencil.

Then reverse the letter. With the letter “E” for example, you need to make the three short lines go left instead of right. ☐
