

Now You Will See an Angel

1. Print this page (back of girl and directions) by itself.
 2. Print the second page onto the back of the first page by feeding the page girl end first and, depending on your printer, either face up or face down to get it to print *on the back* of the first page.
 3. Color the pictures on both sides of the paper.
 4. Fold along dotted line so that the back of the girl covers up the mirror with her reflection.
 5. Say "Now you will see an angel" and fold open the page to reveal the girl in the mirror.
-

"Now you will see an angel."
