

## Boys and Girls Playing

*The city shall be full of boys and girls playing in its streets (Zechariah 8:5).*

Make chains of paper dolls to show boys and girls playing in the streets of the Holy City!

### **Directions:**

- 1) Fold a piece of paper into accordion folds: 
- 2) Lay the pattern for the boys or the girls onto the top fold, being careful to have the left arm on the fold as indicated below. Carefully cut around the pattern, then unfold.
- 3) If you wish, you can color the boys and girls.
- 4) If you make a model of the Holy City, you could stand these paper dolls inside or nearby.
