

Picture the Woman Clothed with the Sun

Illustrating the Story in Revelation 12

A Wax Resist Picture

- Draw the woman clothed with the sun, using wax crayons or oil pastels.
- Use a bright yellow for the woman's dress and spend some time adding beautiful details, such as the moon under her feet, lovely hair, and the crown of stars.
- When the crayon (or oil pastel) drawing is complete, brush lightly over the drawing with *very* watery blue poster paint. The paint will flow away from the drawing and fill the rest of the page with sky color.
