Make: Color & Paste Jacob's Ladder

At a Glance:
In this project children will create a picture of the ladder Jacob saw in his dream.

Supplies Needed for Each Student:
- 1 outline of the Lord
- 4 outlines of angels
- copy of the preprinted ladder
- crayons, markers, or colored pencils
- large piece of paper or cardboard for children to color and decorate figures on
- glue
- *optional*: embellishments such as glitter (use with glitter tray or newspaper for easy clean-up), scraps of ribbon, etc.

Teacher Preparation:
- Fold the Lord pages into quarters and cut out 4 at once.
- Fold the angel pages into quarters and cut out 4 at once.

Directions:

1. Give each child a ladder sheet and an outline of the Lord. Have the children color the Lord.
2. Hand out 4 angel outlines to each child. Remind them that some of the angels were going up the ladder and some were coming down. Have the children color the angels. (Depending on your group, you may want to encourage the children to color some of the outlines as the front of angels and some as the back.)
3. *Optional:* have children decorate the Lord and the angels with glitter, ribbons, etc.
4. Remind the children that in Jacob's dream, the Lord was standing at the top of the ladder. Help the children glue the Lord at the top of the ladder. He may lap over the top of the page in order to leave lots of room for angels.
5. Have the children arrange their angels on their ladders and glue them down.
