Learn by Doing

Choice Creation Crown

The purpose of creation is that there should be a heaven from the human race. At a spiritual level, the story of creation is the story of how a human being is prepared for heaven, represented by the seventh day. In this project, each child will create a heavenly crown. The crowns show pictures of the seven days of creation and can be used as a review activity.

1. The Lord made you to be an angel in heaven. In heaven, angels have beautiful clothing. Some angels wear crowns! Today, you are going to make a heavenly crown showing the seven days of creation.
2. Do you remember what the Lord did on the first day of creation? (God created light and separated the light and dark.) That's right! See the first picture on the crown? Color it in to show the light and the dark separated.
3. What did God make on the second day? (waters beneath and waters above—the sea and sky). Color the second picture on the crown. Ask what the Lord made for each of the next four days of creation and have children color the pictures. (day 3: dry land, trees and other plants; day 4: the sun, moon and stars; day 5: fish and birds; day 6: animals and people)
4. What happened on the seventh day? (The Lord rested.) Yes, He also looked at everything that He had made in the first six days and saw that it was good. Color the last picture which shows some of the things the Lord might have looked at on the seventh day.
5. Look, there is one more circle on the crown. What do you think that might be for? Do you know why the Lord made all the things He made? He made them so that there could be people who can become angels if they choose to love and follow Him. He wants you, and all other people, to someday live in heaven with Him where you can be happy forever. Draw a picture of yourself as an angel in the last circle. Then, whenever you wear the crown, remember that the Lord wants you to become an angel and live with Him in heaven one day.
6. Help children tape the ends of their crowns together to form circles. Put on the crowns and imagine being angels!

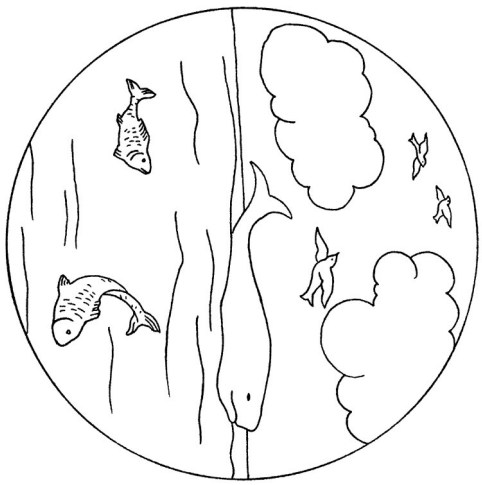

Materials for Each Child

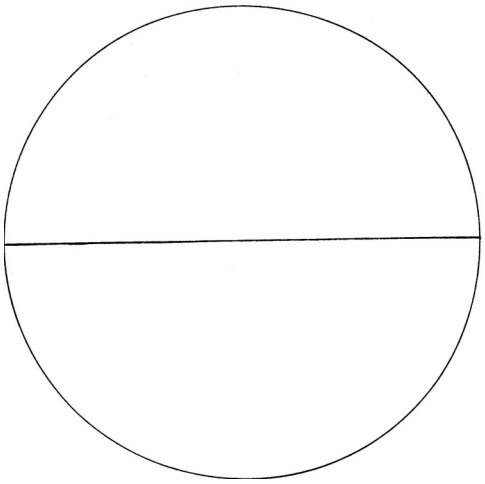

Creation Crown (p. 2) copied on stiff paper if possible, crayons or markers, tape

Prepare in Advance

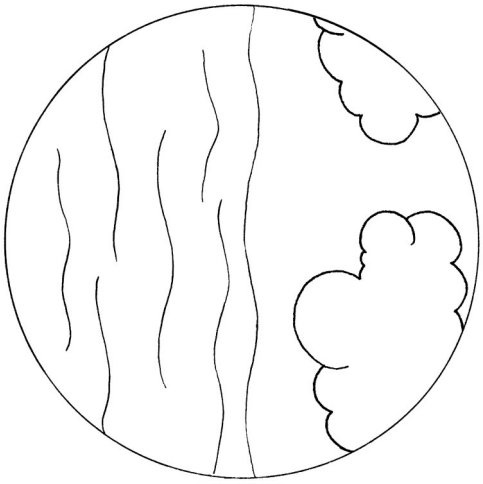

Cut the *Creation Crown* pages along the dotted lines. Tape the two strips together to form one long rectangle.
