

## Flaming Sword

Make a sword like the one that guarded the entrance to the Garden of Eden by creating one.

### Supplies:

1 printed page  
1/2 piece of red paper  
1/2 piece of yellow paper  
scissors  
pencil or pen  
glue  
glitter

### Project instructions:

1. Cut out the two swords on the printed page.
2. Tear the red and yellow paper in flame-like shapes. Glue these onto one of the sword shapes.
3. Glue the two swords together with the red and yellow flames in the middle.
4. Apply glue to one side of the sword and put glitter on it. When it is dry, repeat this with the other side of the sword.
5. You may want to hang your sword so it can turn around and around.
