

The Lord's Face in the Sun

This project helps children visualize the Lord as the angels see Him in heaven.

Supplies:

1 printed page
1 piece of sturdy yellow paper
crayons or markers
glitter
glue
scissors

Project instructions:

1. Using crayons or markers, color the Lord's face in the Sun of heaven on the printed page. Remember to use yellow, orange or gold for the Sun.
2. Cut out the picture of the Lord in the Sun and glue it to the yellow construction paper.
3. Use glue to make lines radiating from the Lord out to the edges of the page. Sprinkle gold glitter on the glue.
4. Allow it to dry and you have a lovely picture to hang somewhere special. It can help you remember that the Lord is always near and that the angels in heaven are able to see Him at all times.
