

Family Lesson - The Fiery Furnace (Daniel 3)

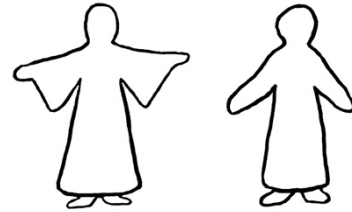

Level 3 – What the King Saw

What Did King Nebuchadnezzar See?

This project will show what King Nebuchadnezzar saw when he looked into the fiery furnace!

Materials needed

lightweight yellow or white paper
thin cardboard or poster board (an old cereal box would be fine)
red and orange crayons
pencil or pen
scissors and tape

Option 1: make your own angel and 3 men

Procedure

1. Draw simple shapes onto the cardboard for the three men and one angel (like the ones shown above) OR use the pattern below, tracing around the figures on cardboard.
2. Cut around the cardboard figures. (You are going to be rubbing the crayons over these shapes.)
3. Tape the cutouts to one side of the yellow (or white) paper. Turn the paper over.
4. Use the red and yellow crayons to color hot flames all over the paper. The angel and the figures of Shadrach, Meshach and Abed-Nego should appear as you draw the flames.

Option 2: trace around these figures on cardboard
