

Angels Around Us

Words and music by Christine Taylor © Christine Taylor 2009. Used by permission.

Angels around us night and day,
Angels we cannot see.
What are they like, and what do they do?
Angels from heaven always caring for me.

They're like a hand to hold, like a kind smiling face,
Like a friend who shows me the way.
Or like someone I love who encourages me,
Someone strong and loving all day.

Angels around us once lived in our world,
And grew up as all of us do.
Now from their heavenly home they help us,
So what can we do to make them happy too?

They're always happy when we read the Word,
And their wisdom flows into our mind.
They feel our joy and delight when we sing to the Lord,
And they're glad when we're thoughtful and kind.

Let's be like angels and brighten our world—
The Word tells us just what to do.
Be strong to obey, be helpful and kind,
Then we can be angels in heaven too.

Angels around me when I say my prayers,
Angel friends I cannot see.
They will stay near me till morning light comes;
Angels in heaven always caring for me.
