

O'ER THE SILENT WATERS

1. O'er the si - lent wa - ters, through the depths of night,
2. Fa - ther! for the dawn - ing, grate - ful thanks we raise;

came the lov - ing man - date, "Now let there be light."
for Thy count - less bless - ings, songs of joy - ous praise.

Through the ro - sy path - way of the morn - ing bright,
Let a light far bright - er than the sun - beam's ray

with a gen - tle com - ing floats the ten - der light.
gild our lives with glo - ry till the per - fect day.
