

Stars of Truth Mobile

Stars symbolize knowledges of truth and good.
(Arcana Coelestia 9263:5)

Make a mobile of stars with quotes from the Word on one side. The other side can be plain or be beautifully decorated.

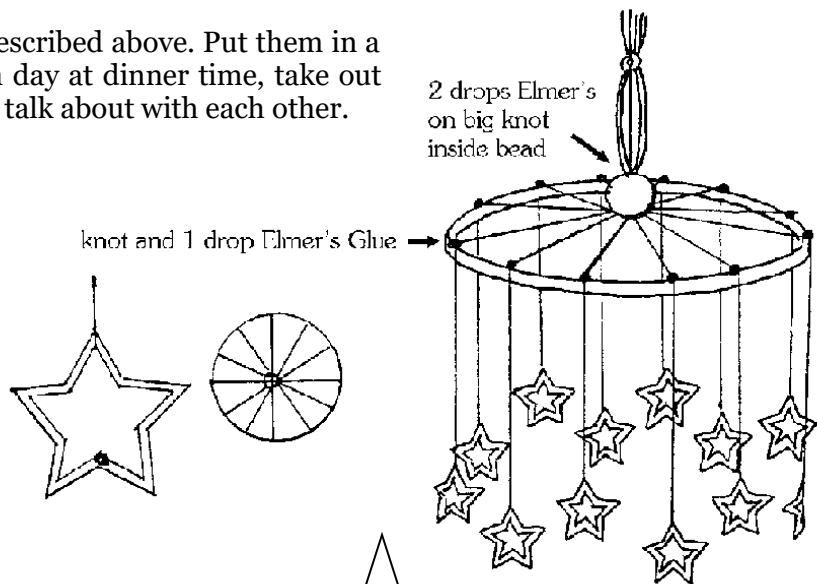

Various ways to make the stars:

1. Buy large gummed gold stars about 1 1/2 inches tall. Put these on yellow poster board and cut them out, leaving about 1/8 inch of yellow showing all around.
2. Trace around a star template on yellow or white poster board to make 12 stars. Decorate one side with glitter, paint, colored pencils, or crayons (try using the side of short pieces of crayon).
3. See directions for making the stars of light ornaments, using watercolor paper and paint.

Write quotes on the other side, using gold metallic marker or permanent extra fine point marker. Choose truths from the Word that help you find the Lord.

Hang these from a large star made out of poster board or a 12" wooden embroidery hoop spray painted red or gold. Hang the stars with gold thread or cord, alternating longer and shorter lengths of thread.

Variation: Make the stars as described above. Put them in a pretty basket on your table. Each day at dinner time, take out one of the stars to read aloud and talk about with each other.

Optional Star Templates:
