

## Thanking the Lord for Creation

How can we show the Lord that we appreciate what He has created?

Think about actions you could take. Then write about specific plans to thank Him.

*Your Actions Might Include:*

- Making good use of what the Lord has given you.
- Praising the Lord with your words and actions.
- Taking good care of His creation through conservation efforts and good ecological practices.
- Reflecting on the purpose of creation—that people may learn and grow to become angels in heaven—and thinking of ways to work on your own spiritual development.
