The Function of Wings

(Exodus 20,25)

Make a list of the good things that wings can do for birds, such as allowing them to fly away when they are in danger, helping them to search for food, keeping them dry when it rains, and keeping them warm.

How Wings Help Birds
How does the function of wings compare with the function of the Ark (with the Ten Commandments inside)? Think of what the Lord's Word does for us.

How Truths from the Word Can Help Us

The truths from the Lord's Word can lift us up to a more spiritual perspective on life, shelter us from falsities, help us fight against evils, and warm us with evidence of the Lord's infinite love.
