

## Fishermen

This project illustrates how men fished in the time of Jesus.

### Suggested Supplies:

- 1 9"x12" blue or another color of construction paper (to mount the picture on)
- 1 8 ½"x11" printed page of the Lord with fishermen fish (print full page and give half to each student)
- tulle fabric
- crayons, glue, scissors, staples

### Project instructions:

1. Using crayons, color the outline drawing of Jesus with the fishermen. Glue this picture onto the blue construction paper to give it more stability and to form a frame around your project.
2. Using crayons, color the fish and cut them out.
3. Fold the piece of tulle fabric in half lengthwise with the opening at the top forming a little pocket. Using staples, attach the ends of the tulle netting to the page, along the side of the boat near the net in the picture.
4. You can now retell the story of Jesus calling the fishermen to be His first disciples. Put the fish into the net to demonstrate how men fished in those times.
