

The Open Door

The Lord alone leads a person to heaven and opens the door,
so He calls Himself “the way” and “the door.”
(see *Apocalypse Revealed* 176)

The Lord has given us many truths to guide us through the doorway to heaven. You might want to find ways to consciously look to the truths of His Word. One option would be to write truths are especially applicable in your life on paper cut into the shape of a rock or stone, then carefully tape them to a doorway in your home.

You could also make quotation cards that you would like to focus on implementing in your life. You could read the quotes in the morning and think about how you might apply them. Or read them at bedtime to reflect on how well you applied them.
